

SKIN LONGEVITY – BASE I Injectable Strategies for Modern Skin Longevity

ATTC Aesthetics Academy · Athens,
Greece

About the COURSE

A highly practical, injectable-focused educational program designed for physicians seeking modern, clinically applicable strategies in skin longevity. Through advanced lectures, live patient demonstrations, and supervised hands-on training, participants will learn how to combine botulinum toxin, collagen stimulation, and injectable skin quality therapies into structured full-face treatment protocols.

- Masseter, DAO, platysma & mesobotox treatment strategies
- OnabotulinumtoxinA & AbobotulinumtoxinA applications, facial balancing & safety principles

13:00 – 14:00

Live Demonstration

14:00 – 15:00 Lunch Break

15:00 – 18:00

HANDS-ON TRAINING

Advanced OnabotulinumtoxinA & AbobotulinumtoxinA Techniques

- Upper-face balancing, brow shaping & lifting techniques
- Personalized dosing strategies and natural-result approaches

18:00 End of Day 1

DAY 2

BIOSTIMULATION & INJECTABLE SKIN QUALITY STRATEGIES

08:45 – 09:00 Welcome Coffee

09:00 – 09:15

Foundations of Modern Skin Longevity

HARMONYCA™

Hybrid Biostimulation & Structural Support

09:15 – 09:35

Clinical Framework

- Patient selection, facial vectors & structural support
- Collagen stimulation, injection safety & combination approaches

09:35 – 10:35

Live Demonstration & Treatment Planning

SCULPTRA®

Strategic Collagen Regeneration

10:35 – 10:55

Clinical Framework

- PLLA collagen stimulation, patient selection & treatment planning
- Reconstitution, injection safety & treatment sequencing

10:55 – 12:00

Live Demonstration & Treatment Planning

12:00 – 12:15 Coffee Break

INJECTABLE SKIN QUALITY STRATEGIES

Polynucleotides · Restylane® Skinboosters · Juvéderm® Skinvive™

12:15 – 12:45

Clinical Framework

- Hydration, dermal repair & injectable skin quality strategies
- Patient selection and combination treatment protocols

12:45 – 13:45

Live Demonstration & Treatment Planning

13:45 – 14:30 Lunch Break

14:30 – 17:30

HANDS-ON TRAINING

Injectable Skin Longevity Protocols

- Product layering, sequencing & combination injectable strategies
- Personalized treatment planning, injection safety & natural-result approaches

17:30 – 18:30

ADVANCED CLINICAL PLANNING

Long-Term Injectable Longevity Protocol Design

- Full-face injectable planning & combination treatment strategies
- Maintenance protocols, challenging cases & complication management

18:30 Certificate Distribution & Closing Remarks
